Start The Show

The image shows a 3D perspective view of a website portfolio. The main page features a large banner with Chinese text: '中科大青年創業孵化基地 整合優質學生作品' (CUHK Youth Entrepreneurship Incubation Base, Integrated Quality Student Works). Below the banner are sections for '關於我們' (About Us), '問答' (FAQ), and '作品' (Works). The 'Works' section displays a grid of creative projects. A sidebar on the left lists categories such as '設計傳媒' (Design Media), '視覺設計' (Visual Design), '動畫設計' (Animation Design), '編劇' (Scriptwriter), '音效設計' (Sound Effect Design), and '音頻設計' (Audio Design). At the bottom, there's a timeline from '2019.9' to '2022.6'.

Below the website preview, there are six hexagonal icons representing different design disciplines:

- Icon 1: A lock inside a hexagon.
- Icon 2: A hand cursor inside a hexagon.
- Icon 3: A pen and brush inside a hexagon.
- Icon 4: A 3D cube inside a hexagon.
- Icon 5: A camera lens inside a hexagon.
- Icon 6: A geometric shape inside a hexagon.

02 LUCKY CHATBOT

Chatbot Development

The core concept of this platform is to help people eliminate loneliness. During the Design Studio I "You Are Here Now" project, I experimented with building an interactive, real-time, digital chatbot.
