

2019-2022 PORTFOLIO

XIAN-HAO (HARRY) LIAO

MassArt DMI 1st year student:
Xian-Hao (Harry) Liao

Start The Show

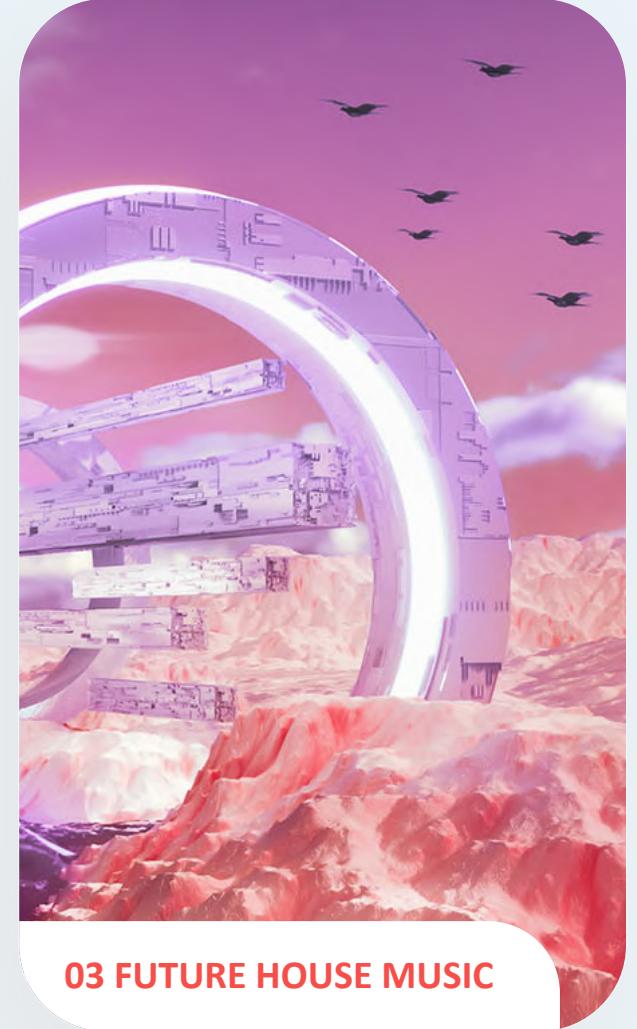

2019-2022
Content

01 C-CUBE WEBSITE

02 LUCKY CHATBOT

03 FUTURE HOUSE MUSIC

I created the official website of the NTCUST Youth Innovation Base (a new performance center in NTCUST).

This website has different landing pages, including entrepreneurial courses, entrepreneurship team, campus activities, entrepreneurial counseling, development equipment, and exhibition information.

01 C-CUBE WEBSITE

Webpage Design

which aims to publish the news of
NTCUST Youth Innovation Base for students

Webpages

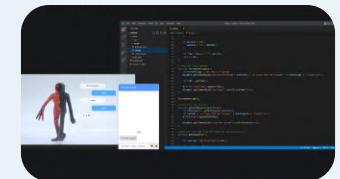

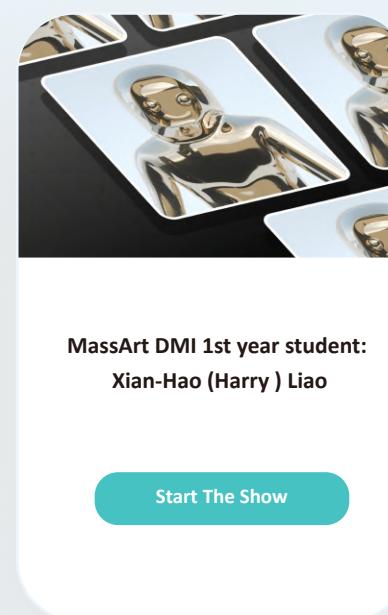

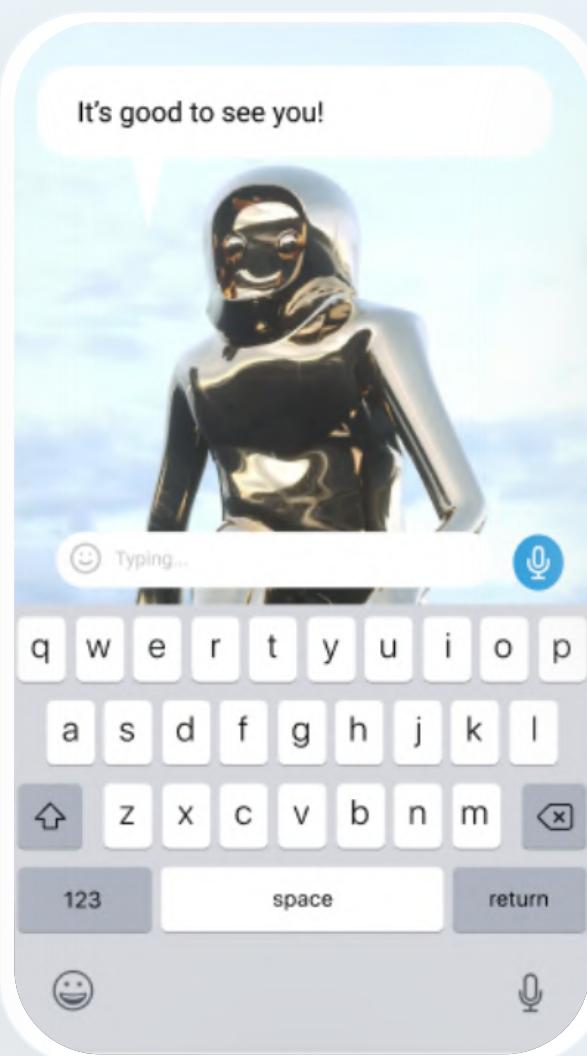

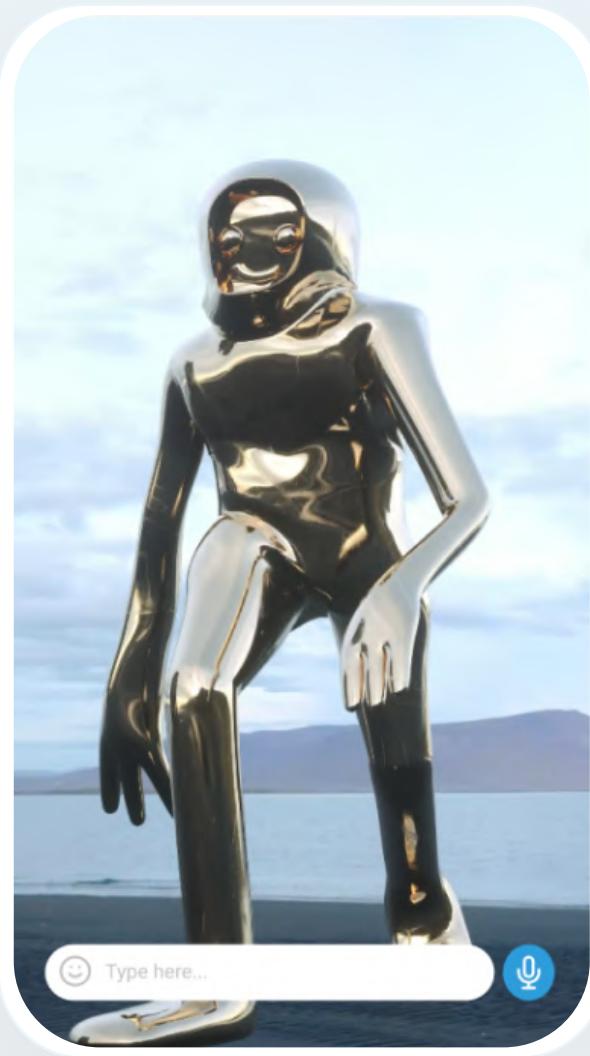

The collage displays several screenshots from the C-Cube website, illustrating its various features and sections:

- Home Page:** Shows a grid of small screenshots of different pages.
- Development Equipment:** A page showing multiple iMacs on a desk, with text about equipment introduction and borrowing rules.
- Latest Courses:** A page featuring the "C-Cube Opening Ceremony" and "reddot award 2019 best of the best".
- Entrepreneurship Program:** A page titled "C-Cube Entrepreneurship Program" with a photo of a group and text about the program's mission.
- Equipment Projects:** A page listing various equipment projects such as A2 size color printer, 3D printer, and CNC machine.
- Design Exhibition:** A page titled "Design Sale" featuring a photo of various designed products.
- Design Product Sales Area:** A page showing a grid of various design products for sale.
- Renewal of Art:** A page titled "Renewal of Art" featuring a photo of two women at an event.
- Excellent Activities:** A page titled "Excellent Activities" featuring a photo of people at an event and text about the "10th Anniversary of C-Cube".

Final design

02 LUCKY CHATBOT

Chatbot Development

The core concept of this platform is to help people eliminate loneliness. During the Design Studio I "You Are Here Now" project, I experimented with building an interactive, real-time, digital chatbot.
